

We offer our esteemed clients finest quality liquid oxygen nitrogen plants that are fabricated with skid mounted version and leak proof stainless steel column for high purity medical and industrial oxygen. Designed and developed with the assistance of our cutting edge technology these are available in range of 20m<sup>3</sup>/hr to 1000m<sup>3</sup>/hr (with liquid production LOX and LIN) and have gained wide appreciation for its high end functionality.

Following are its technical specifications:
